

Meet Tobias

Tobias is a sweet and affectionate cat who was rescued off the streets, and he needs a furever home♥

Tobias has been here at OVH for quite some time now and he is sweet, affectionate, playful and relaxed. He has absolutely stolen the hearts of more than a few team members.

We guess Tobias to be around 6 years old. He is neutered and vaccinated and seems healthy, but he has tested positive to Feline Immunodeficiency Virus. Please consider meeting Tobias and seeing if he might be the perfect cat for you. Tobias will come with an OVH Commitment to Care package, which means unlimited complimentary exams!

Here is a link to [Feline Immunodeficiency Virus](#)

Here is Tobias being his sweet and sleepy self.

He was even a good boy for his bath~

Thank you for considering bringing Tobias into your home and heart. He deserves a happy ending ♥

Call our office for more details or to visit this sweet guy.
